

# Electronic Training Equipment & Breadboard / Accessories

## Jump Wire & Jump Wire Set

126342 / J-100-R

126325 / J-200-R

126360 / J-50-R

TS Series has five kinds of lengths for using at different distances.

### A Great Convenience

If used with solderless breadboard, you will find the jump wire is incredibly convenient.

MODEL	SIZE	COLOR	CONTENT
-------	------	-------	---------

(J-50-R) TS-50	50mm	Red, White, Black, Yellow, Blue	2pcs/each color
TS-70	70mm		

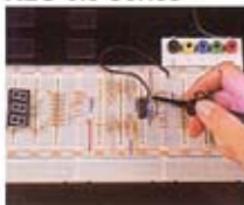

(J-100-R) TS-100	100mm		
TS-150	150mm		

(J-200-R) TS-200	200mm		
TS-100PY	100mm	Black, Red, Yellow, Green	4pcs/pkg

### Sturdiness

Hard pin is not flexible. Using TS jump wire, the hard pin can last permanently after plugging in and pulling out.

### KLG-0.5 Series

Special design for oscilloscope probe or test clip use, easier for measuring and test.

Length : 15,30,45,60 cm

KLG-0.5-15, KLG-0.5-30,  
KLG-0.5-45, KLG-0.5-60

PIN 0.6mmΦ x 7mm length

4.5mm Y-terminal
