

Brainboxes End of Life Notification for CC-525/CC-530**CC-525 2 Port RS422/485 PCI card up to 15 MegaBaud****CC-530 2 Port RS422/485 PCI card up to 18 MegaBaud**

Brainboxes design and manufacture all of our products in-house which allows us to offer a lifetime warranty on our products and give long-term supply and support. The serviceable lifetime of a product is the period in which components are available.

We often source certain key components beyond their official Manufacturer's obsolescence date and extend the lifetime of our products. There are several obsolete parts used on this product but we have an opportunity to source components enabling a final production run for these products.

Brainboxes have supplied Multiport Serial cards over several decades and they are used and relied upon across many industry sectors.

To give clarity to customers, we are announcing an End of Life (EOL) of these Brainboxes Multiport Serial Cards sold through Brainboxes and our Distribution Channels.

These specific products are not recommended for new designs, please work with your Brainboxes Account Manager and Distribution Partner to ensure your future requirements are met and transition to alternative solutions where possible.

Where a transition is not possible, please notify your Brainboxes Account Manager to arrange a last-time-buy purchase. To ensure your last-time purchase orders are fulfilled on time, present your final product demand in the form of a non-cancellable, non-returnable (**NCNR**) purchase order as soon as possible and no later than the "Final Purchase Order Date" listed in the EOL Information Table (listed on the next page of this notification).

Supply of EOL products is usually limited. Fulfilment of final purchase orders is subject to product availability and will be prioritized according to the date when orders are placed.

If you have any concerns regarding these product phaseouts and transitions, please contact your Brainboxes Account Manager as soon as possible via sales@brainboxes.com or call 919 241 8487.

Thank you for your interest in Brainboxes products

Best Regards, Craig Johnson

RoHS Compliant

CC-530

PCI 2xRS422/485 15MBaud

"SERIAL CARDS ENGINEERED TO EXCEED EXPECTATIONS"

Features

- 2 port RS422/485
- PCI 2.3
- 128 Byte Tx and 128 Byte Rx FIFOs
- Up to 15,000,000 15 MegaBaud Baud
- DB9 connector (9 Pin Male)
- Drivers for all popular operating systems
- Sample Programs, Test & Terminal software
- Lifetime Support
- Lifetime Warranty (registration required)

Options

CC-530:
PCI 2xRS422/485
15MBaud

Description

<<product_longdescription>>

Stunning ULTRA 15 or 18 megabaud data transfer rates!! And 128 byte deep FIFO guarantees uncompromising performance and fault free use.

With Brainboxes industry renowned Lifetime Warranty and 3 year Support!

Software

Microsoft signed drivers (easy installation & robust operation) for:

- Windows Server 2003 32 bit 64 bit Editions
- Windows XP 32 bit 64 bit editions
- Windows 2000
-

64 Bit
Driver

As well as: full product documentation, a thorough troubleshooting guide and terminal software. Detailed sample source code for many popular programming languages. Further OS support on next page.
